Chhattisgarh Model of PDS
Patle Smt. Kamla Devi

Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

(a) whether the Chhattisgarh Model of targeted Public Distribution System has earned appreciation for its effectiveness and success in delivering foodgrains and other essential commodities to targeted beneficiaries;
(b) if so, the details thereof along with the positive points identified by the Government therein;
(c) whether the Government has advised other States to implement this model; and
(d) if so, the details thereof along with the reaction of the States thereto?

Answer

MINISTER OF CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION
(SHRI RAM VILAS PASWAN)
(a) to (d): Some States such as Chhattisgarh have demonstrated various reforms for streamlining and strengthening of Targeted Public Distribution System (TPDS), such as digitization, online allocation, supply chain management, etc. Based on such learning, innovation and best practices of States/UTs, this Department had come up with a plan scheme on "End-to-end Computerization of Targeted Public Distribution System (TPDS) Operations" during 12th Five Year Plan (2012-17) which comprises activities namely, digitization of ration card/beneficiary and other databases, computerization of supply-chain management, setting up of transparency portals and grievance redressal mechanisms etc. The scheme is being implemented in all States/UTs on cost-sharing basis at a total cost of Rs.884.07 crore, out of which Government of India's share is Rs. 489.37 crore and States/UTs share is Rs. 394.70 crore. In addition to the financial support, Central Government is also providing requisite technical support through NIC to the States/UTs as per their requirements. As reported by States/UTs, the status of implementation of the scheme (physical) upto 31.10.2015 is at Annex.
